

CLASSIC CARE LINE FELGENREINIGER

Acid-free rim cleaner for painted light alloy rims, chrome-plated and steel rims

Description/Area of application

CLASSIC CARE LINE FELGENREINIGER is a powerful and acid-free cleaner with an innovative performance for mild and thorough cleaning of the rims and the rim base.

CLASSIC CARE LINE FELGENREINIGER dissolves stubborn dirt with the help of its special ingredients to gently remove dirt and iron particles from the surface.

After spraying **CLASSIC CARE LINE FELGENREINIGER** to the surface it turns red and adheres very well.

Application

Shake **CLASSIC CARE LINE FELGENREINIGER** briefly before use and then thoroughly spray the rim surface and rim bed. Depending on how dirty the rim is, leave **CLASSIC CARE LINE FELGENREINIGER** on the rim for 2-5 minutes and rinse thoroughly with a high-pressure cleaner.

Before using **CLASSIC CARE LINE SCHMUTZ & INSEKTENENTFERNER** please test the material compatibility in a hidden area. Do not use on hot surfaces or in direct sunlight.

Properties
